

*“Eastgate Manor is a place for older adults to live to their fullest and enjoy life. Living here has given me a sense of well-being. I am not alone any longer; there is someone (staff or friend) to help me through my journey. There is always someone around if I need help or just to chat.*

*My family is grateful that Eastgate’s Supportive Living Program offers me a safe, secure, active and friendly environment. The Eastgate staff cares for me and the other residents. I live in a community setting that offers so much; including many activities and outings. I can keep as busy as I like or just stay in my apartment and watch a movie. My “Thank you” to all Eastgate staff for making me feel wanted and comfortable.”*

Supportive Living

*Life Means Living.*

*Caring  
for older  
adults in a  
Supportive  
Living  
Community*

***Our warm, comfortable atmosphere is what truly makes us unique.***

As McHenry County’s first certified Supportive Living Community, we continue to pioneer a balance of quality care with quality life. We realize our seniors all have stories to tell and we take tremendous pride in getting to know our residents as individuals. As our residents want and need change, Eastgate provides the necessary support along the way. We know that our resident’s lives will continue to evolve and change, and so do our services and levels of care.

Residents and families can also take comfort in knowing that, as a certified Supportive Living Community, we can assist with changing financial situations. Our staff will work with you to ensure that you can remain part of our community as those life changes occur. We are honored you are taking the time to find out what makes Eastgate a great place to call “Home”.

*“It’s clear that people who live and work here are proud of their surroundings.”*

***“The staff goes way beyond their job requirements to help and support me.”***

***Who we are***

- 100 Plus comfortable and luxurious apartments offering multiple floor plans
- Three chef prepared meals served in our dining room
- Bistro Cafe open 24/7 offering a wide variety of gourmet coffee, drinks and healthy snacks
- Individual and group activities offered seven days a week, including evening and holidays, led by our certified and trained activity professionals

***More questions you may have***

**Who is the Staff?**

Our staff is comprised of Certified Nursing Assistants (CNA’s) 24/7, and Registered Nurses (RN’s) daily, providing families and our residents peace of mind.

**Our Mission & Values**

Eastgate Manor is dedicated to providing individual attention to all members of our community. We are committed to the promotion of individuality for each senior we serve.

We value Partnership, Trust, Choice, Innovation, Growth and Celebration in everything we do.

**How does the Supportive Living Program work?**

As your financial situation changes we evolve with you. You can feel secure knowing you will not have to move out if your savings are depleted. Eastgate Manor provides a level of care and service comparable to other senior housing options such as Independent and Assisted Living. What makes Eastgate unique is our Medicaid application process. (Prospective residents must meet Medicaid requirements in order to qualify for the program.)
