

LEXINGTON

The logo for Lexington Health Network features the word "LEXINGTON" in a large, blue, serif font. A gold-colored swoosh underline starts under the "X" and curves under the "I" and "N". Below "LEXINGTON" is the text "HEALTH NETWORK" in a smaller, blue, serif font, followed by a registered trademark symbol (®).

HEALTH NETWORK®

June 5, 2020

Valued Patients, Residents, Family Members and Staff,

Thank you for your cooperation and understanding as we continue our preventive measures against the coronavirus (COVID-19).

The health and safety of our Lexington Health Network patients, residents, families, and employees remain our highest priority. As the coronavirus health crisis continues, we recognize the importance of sharing information and updates. Patients, residents and families have been notified in facilities where patients and staff have tested positive for the virus or where they have experienced COVID-like symptoms.

We are doing everything possible to mitigate the spread and continue to work closely with the Illinois Department of Public Health (IDPH), the Centers for Disease Control (CDC) and local health officials.

We remain thankful for the ongoing support and generosity from all of you. If you would like information on how to show support for our Lexington heroes, or send a thank you message, please email connect@lexingtonhealth.com. For a complete list of previous community support gestures, please visit www.lexingtonhealth.com.

For months, we have shared weekly updates to keep you informed on everything we are doing to support and engage our patients and residents separated from their loved ones. This includes sharing the

amazing, tireless efforts of our health care heroes. We have been fighting the unprecedented COVID-19 global pandemic with strength and courage together. We understand how difficult restricted visitation and the uncertainties surrounding this virus are on everyone. Our hearts are with you and your loved ones in our care. We continue to explore ideas for safe visitation that meet mandated state guidelines and will allow loved ones to visit in a more personal way. We will keep you updated on our progress.

Amidst the challenges brought to us by the COVID-19 pandemic, the recent events stemming from the senseless and tragic death of George Floyd compel us to acknowledge the feelings of despair, fear, anger and sadness that many of our team members, patients, residents, families and communities may be experiencing at this time. The Lexington Health Network family is firmly committed to, and deeply proud of, our diverse work force, patients, residents, and the communities we serve. Our Mission and commitment to deliver the most compassionate, high quality and personalized experiences to all we serve will never waver.

These challenges remind us, now more than ever, that we are stronger together than divided apart. We built our LHN culture to: **I**nvolve each other – **N**urture each other – **S**upport each other – **P**artner with each other – **I**nform each other – **R**espect each other – **E**mpathize with each other. *We INSPIRE* and we will get through this together.

Stay safe and be well.

Sincerely,

Martin A. Cauz
Chief Executive Officer

Karim Yunez, M.D.
